

DRYER – Life

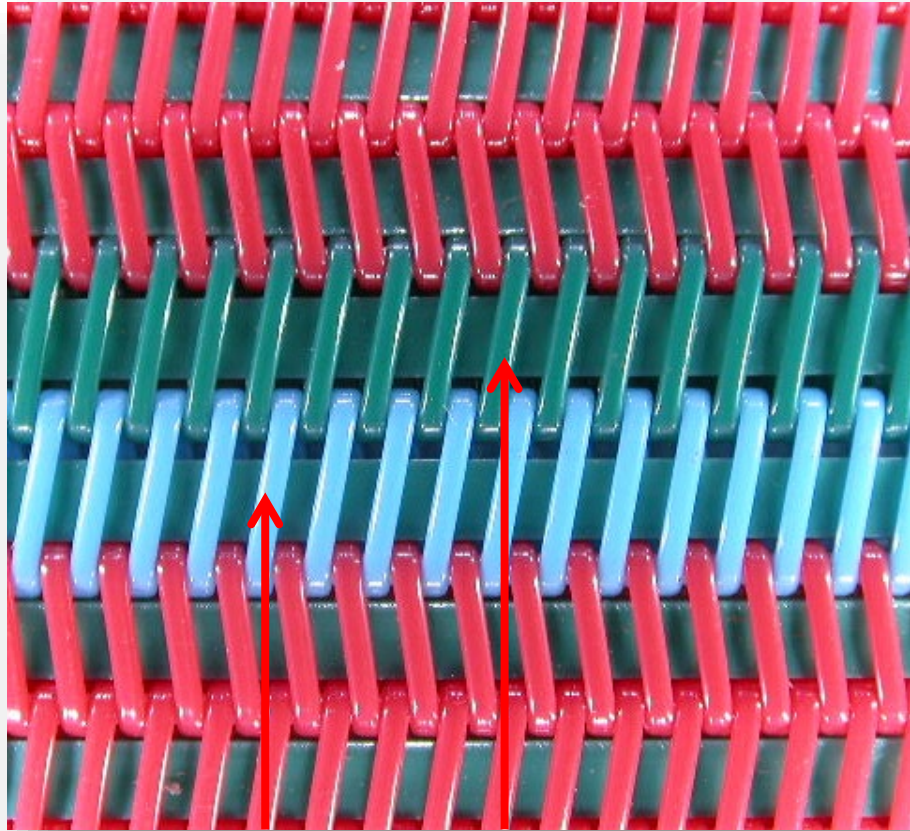

REGION: German
MACHINE: PM3
GRADE: Newsprint
BASIS WEIGHT: 45 g/m²
SPEED: 1720 - 2020 m/min

SpiralFine™

FASTER SEAMING

Our SpiralFine™ was installed in the 5th Single Felt group. The actual installation went well, thanks to our seaming aid (Speed-o-mat) this 9 m wide seam was closed in 15 minutes. The Speed-o-mat seaming aid, with its Velcro strips allows for more flexible seam joining, even under difficult conditions. The bi-colored seam constructed of special formed seam spirals facilitates the seaming. Similar designs from the competition do not have this type seam or seam assist, and oftentimes take longer to close.

SpiralFine™ – Seam Coils

Speed-o-mat (Adjustable Seaming Assist)
